Office of Acquisition Policy
General Services Administration

Dear Mr. Read:

By letter of January 28, 1981, you requested our comments on [proposed new subpart ~~1-4.12~~ to the Federal Procurement Regulations regarding automatic data processing ADP services procurement and contracting], including the Teleprocessing Services Program.

We have no objection to the proposed subpart which in our view represents a commendable effort to consolidate and simplify the prior regulations.

Sincerely yours,

Harry R. Van Cleve
